NCERC**

INTRODUCTION

“Take care” is a website which helps you to purchase palliative products through online. You can order according to your need, your time from anywhere using the site as usual other sites .

One of the difference of this site from others is, we cannot view the products like other sites because this is not for a luxury purchase. You can just select the product and order .

This website mainly focusing the nearby palliative care firm more than an individual purchase and they can buy the products for a limited charge.

It consist of mainly three modules

- Home page
- Admin
- Donor

HOME PAGE

- The home page which includes Home ,About section ,Products ,login ,Contact, Mail Id.
- Login page consist of Admin ,Donor,Customer login section.

TAKE CARE

HOLD OUR HANDS!

ABOUT section

Its a brief description about the firm .There always promising where they take care the customers.

Take Care

There is an end to Cure;there is no end to Care

For most of us working in hospice,it is so much more than a work ,it's a commitment to making an impact on the lives of the patients we care for and their families

ADMIN

- In admin,he is the total controller of the whole firm.
- He can manage both home page and donor page.
- The main purpose of admin page to control the deliver details and updates.
- He can be active all time and he can manage the pending bills.
- Admin can add the donor and staff .

DONOR

Donor is considering as a staff or a new partner of the firm.

They can donate the used quality products to the firm and can collect the charge.

Admin should be charged to the donor product considering its quality.

It is a small module.

Just a startup

EXISTING SYSTEM

There are lots of websites under this concern. They providing the products with huge about and mainly focusing for individual purchase.

PrOpOsED SyStEm

Our firm mainly focusing the nearby palliative areas to delivery the products as bulk with low price and good quality. Here no need to wait for 2- 3 days for their delivery ,they can purchase the order within seconds from our staffs to your doorstep. A difference we included is the donor,he/she can sell their used products to the firm.

FUTURE SCOPE

- ★ We can implement this site for the entire globe to take care the palliative members.
- ★ We can add on little more manipulated donor module .
- ★ We can add predictions such as:
 - peoples can ask the questions based on disease and the will predict the solution.
 - Predict the healthy foods and exercises for the patients.
 - Details of physiotherapist in each place with their full of contact
- ★ We can make a step for the patients like”anywhere ,at the spot” purchase.

Take care is a small website which helps you to purchase palliative products through online.

It's an anywhere any time platform

This website can implement under district level ,where help the palliative care centre under a district.

The project only focusing the centres of different district where we considering here centre as customer and not for an individual customer.

Software requirements :

Front-End : php

Back-End : mysql

Operating system : windows

CONCLUSION

The background is a solid teal color. In the top-left corner, there are three vertical bars of varying heights, each composed of three overlapping circles. In the bottom-right corner, there are four vertical bars of increasing height, each composed of three overlapping circles. The text "THANK YOU" is centered in the middle of the image.

THANK YOU
